Operation

Pair with RF receivers:

Turn on the remote → Click **"Learning Key"** on RF receiver → Click a zone number on RF remote → Touch the color wheel → LED lights connected with the RF receiver will flicker once

→ The receiver is paired with the remote successfully.

Play the remote after pairing:

Turn on the remote → Click the paired zone number/numbers → Touch the color wheel or click other button to do the controlling

Program the running mode :

Turn on the remote → Click the paired zone number/numbers → Click the button **P**, LED lighting connected with receiver will flashes once → Touch the color wheel to choose 2-5 kinds of colors(max 5 colors)

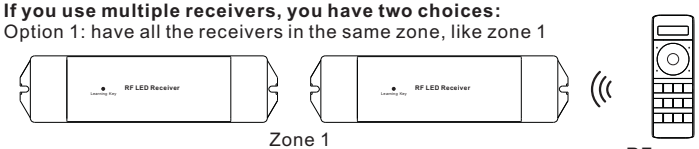
→ Click **P** button again, LED lighting connected on receiver will flash once again → Program finished. Press button ▶ to run the program → Program finished. Press button ▶ to switch 4 different running mode: **jump,flash,fade,strobe**

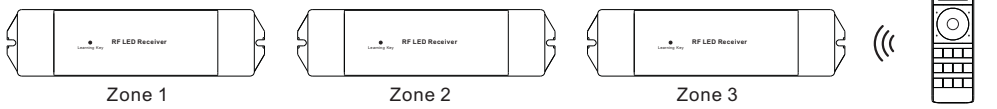
How to delete the pairing:

Press and hold down **"Learning Key"** on the receiver for over 3 seconds until connected LED lights flicker twice, which means the pairing is deleted successfully.

If you use multiple receivers, you have two choices:

Option 1: have all the receivers in the same zone, like zone 1





Option 2: have each receiver in a different zone, like zone 1, 2, 3 or 4
