The Need ➡ The Original Direct Cove ➡ The Proposed New Direct Cove ➡ Initial Sketches ➡ Prototypes ➡ Voila "The Regrazer"

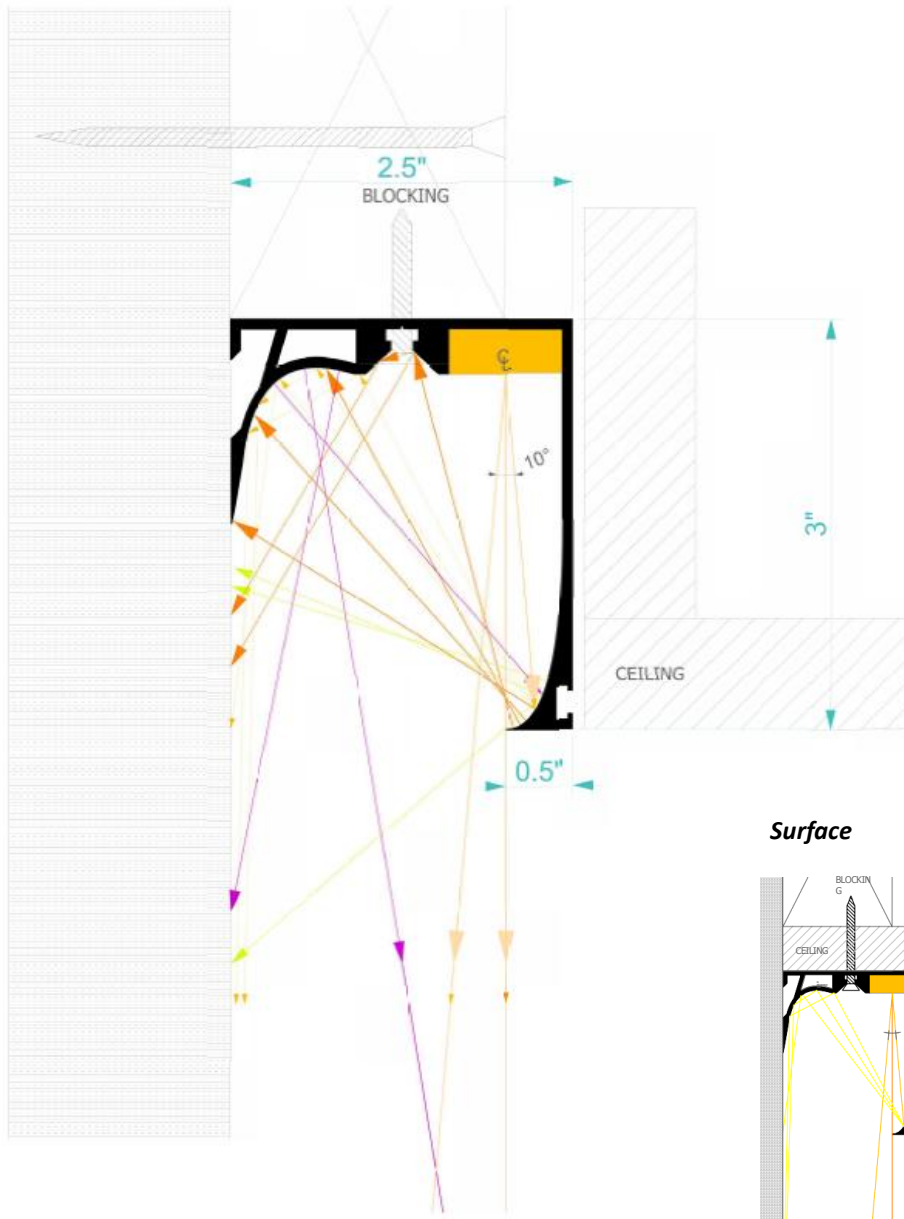

"COMPACT AND **QUIET** GRAZER,
ALMOST INVISIBLE SOURCE. QUICK AND
EASY TO INSTALL, VERSATILE, MINUSCULE
— THE SMALLEST OF ITS KIND. CAN BE BLACK OR SILVER,
DAYLIGHT **GRAZING-LIKE.**"

Evolution

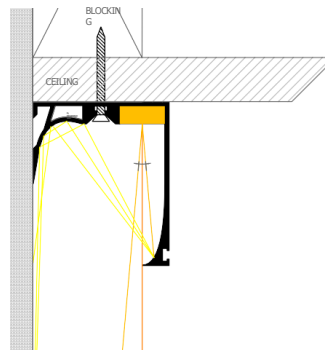

The Regrazer

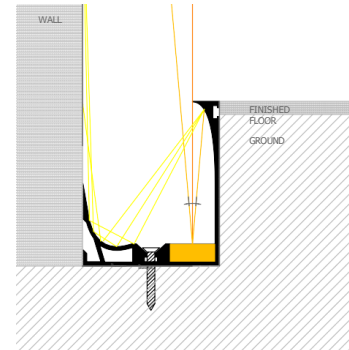

“For a team of 3, it took approximately 60 minutes to install 6 feet (10 minutes per foot), including drivers, wiring, and dimmers.”
